projector mounts

clamp style

The PM Series, like all VMP mounting systems, comes with everything you need to assemble a complete mount in a single box. The PM Series has the ability to flush mount or by using the included telescoping ceiling mast, extend the unit from the ceiling 18" - 30".

The unique 8-point clamping mechanism allows expensive projectors to be safely and securely installed using a 360 degree system of support. Both projector mounts offer adjustment for height, width and depth, giving maximum versatility for a wide variety of projectors in just two mounts.

model PM-1 universal projector mount

rotates 360°

adjustable 0° - 10° tilt

opens from 10" - 24" (left to right)

opens from 4.5" - 7.75" (top to bottom)
